October 24-26, 2006
RAI Convention Centre
Amsterdam, Netherlands

Dear MRO Colleague,

AVIATION WEEK and Overhaul & Maintenance invite you to attend the ninth annual MRO Europe Conference & Exhibition — Increasing Safety in a Lean & Demanding Environment. This event is the most extensive, successful conference of its kind, tackling the most critical issues facing the European MRO industry:

- Low Cost Carriers
- Containing Inventory Costs
- Increased Dependence on Digital Data

The event is designed to promote innovative ideas and propel the industry forward. Speakers will address key issues directly facing the European MRO community and offer solutions for implementing cost-efficient operational improvements.

Your registration includes:

- MRO Europe 2006 conference sessions (25-26 October)
- MRO Europe 2006 exhibition (25-26 October)
- Lunch (25-26 October)
- Cocktail reception in the exhibit hall (25 October)

Once again MRO innovation will be on display throughout the conference in the exhibition hall with more than 200 companies offering their latest products and services.

Register before September 29, 2006, and take advantage of significant savings on our conference and exhibition packages.

Please review the enclosed information and complete the registration form so that we may confirm your attendance. If you have any questions, please contact us at 1 (800) 240-7645 or (212) 904-6344 or anitajoyce_wright@aviationweek.com.

We look forward to seeing you in Amsterdam at MRO Europe '06 and continuing the tradition of excellence.

Sincerely,

Ed Hazelwood
